- Special thank you to Jodi and wishing her the best of luck on her retirement, welcome to Melissa (from Hastings) who will be taking Jodi's position.
- Looking at using some of funding toward cafeteria tables in the future.

President's Report: Kristin Ray

- Thank you to all of the board members who participated this year
- Going to install some new benches which should be in by the start of school in the fall
- Funds raised from Golden Bear pride will be used toward new lockers and an update of the space
- PTO gives a large amount of money towards scholarships for kids for 8th grade trip to Washington DC

Treasurers Report: Billi Schantz (handouts provided)

- Filing for class party reimbursements
- Please turn in all reimbursement requests before the end of school year
- Meeting on Friday to set the budget for the new year
- Bank report statements are handed out and available for review.

Mini-Grants: Julie Horn

- Break out EDU Boxes have been a huge success. They are interchangeable and encourage teamwork. Michelle Lombardi is helping to create a lot of these.
- Mini grants have been used over the past school year to help counselors with Paw Day, assist with the food bank visit, purchase water fill stations, help to fund service learning and more
- Grant request from 6th grade science team for Fold Scopes. Margie Belair is requesting \$275 for 6 kits that include 20 fold scopes per kit. Premise is to get kids out of the classrooms. 6th grade would tie in the use of Fold Scopes with service

learning initiative. Billie Schantz motions to approve and Michelle Koffel seconds. Request is approved.

Any other business/questions: Michelle Koffel wants to thank the incoming PTO volunteers in advance for work that is already in progress.
